

WHAT DO THE ARCTIC NATIONAL WILDLIFE REFUGE AND THE FEDERAL BUDGET HAVE IN COMMON?

SENATOR GREGG AND REPRESENTATIVE NUSSLE HAVE A CHANCE TO KEEP THEM BOTH CLEAN.

SENATOR GREGG AND REPRESENTATIVE NUSSLE, please keep the federal budget clean of Arctic Refuge drilling. The majority of Americans want to keep the Arctic Refuge free of drilling rigs. And nearly everyone in Congress believes that the federal budget is no place for Arctic National Wildlife Refuge drilling either. Yet supporters of drilling the Arctic are attempting to slip a highly controversial drilling scheme into the budget, where it threatens to derail the entire process, and divert attention from real energy solutions like homegrown ethanol. Senator Judd Gregg and Representative Jim Nussle please keep drilling out of the federal budget. And help stop things from getting really ugly.
