

DON'T DRILL!

COME TO CAPITOL HILL

West Lawn of the U.S. Capitol

Tuesday, Sept. 20, 2005

11 AM to 1 PM

Congress is about to vote on whether to open
America's Arctic National Wildlife Refuge to oil drilling.

Some places should be off-limits to oil drilling...and the Arctic Refuge is one of them.
Tell Congress to protect the Arctic Refuge - for wildlife, for the Gwich'in natives, for our children!

Together we CAN save the Arctic Refuge!
