

**PROTECT THE ARCTIC REFUGE  
PROTECT COLLEGE LOAN PROGRAMS  
Come to Washington, DC, on Sept. 20<sup>th</sup> for  
ACTION DAY!**

Stand with us! National environment groups and Native Americans are gathering thousands of people on the West Lawn of the U.S. Capitol on Tuesday Sept 20<sup>th</sup>. We are protesting an imminent vote in Congress to reconcile the budget deficit by cutting \$9 Billion from college loan programs and authorizing oil drilling on the Arctic Refuge's coastal plain. Leaders of the Gwich'in Nation have traveled to DC from Alaska to protect the birthing grounds of the Porcupine Caribou Herd, animals as essential to their culture as the Bison once were to the Plains Indians. The ARCTIC NATIONAL WILDLIFE REFUGE is "**The Sacred Place Where Life Begins,**" not five months worth of oil. **STAND WITH US. COME TO CAPITOL HILL.**
